Experience

CoreDev Solutions Inc. **Junior Programmer**

J. Alcantara St., Cebu City, Cebu 6000

October 24, 2024 – Present

- Built and maintained full-stack web applications using Laravel for backend and ReactJS with TypeScript for frontend, ensuring smooth connection between both through InertiaJS.
- Designed and developed responsive and user-friendly interfaces, improving overall usability and performance across all devices..
- Implemented key project features such as reporting tools and data integration, successfully connecting the system with external APIs and software.
- Researched and developed social media integration solutions, including Facebook API connections to capture and use client-requested data.
- Collaborated closely with senior developers and project managers, contributing to planning, discussions, and continuous improvement of the system.
- Continuously enhanced technical and problem-solving skills through self-learning, proactive research, and applying best practices in both backend and frontend development.

Kuehne+Nagel Global Services, Inc. **IT Support Engineer**

One Montage Tower, Archbishop Reyes Ave.

September 2017 – January 2024

- Documented technical issues, solutions, and knowledge base articles to support future troubleshooting and team reference.
- Took full ownership of support tickets, ensuring timely responses, consistent follow-ups, and clear communication with global Business Unit managers.
- Resolved technical issues for clients across various regions, including EMEA, NAP/SAP, and NAM.
- Developed and executed urgent SQL scripts to update, insert, or delete data based on client requirements.

People Plus Tech, Inc. **Remote Desktop Support (Accenture)**

1608 Park Centrale Building

September 2016 – February 2017

- Provided timely and proactive customer support via chat and phone, efficiently addressing a wide range of computer and laptop technical issues.
- Consistently delivered an exceptional user experience, ensuring all concerns were resolved to meet or exceed customer expectations.
- Prioritized high-quality service by fostering team collaboration and adhering to up-to-date support standards and best practices.
- Offered efficient and empathetic support to a diverse customer base across the United States, ensuring requests were handled smoothly and professionally.
